- Data-informed instruction

Leadership & Coordination

- PYP Coordinator
- Professional development facilitation including facilitating IB workshops)
- Experience mentoring teachers

Communication & Collaboration

- Parent communication and community engagement
- Cross-cultural communication and language skills

Profile

Master of Education & IB Educator with 25+ years of experience, including 13 years in high-performing International Schools. Specialist in transdisciplinary PBL and ESL-integrated curricula, with a strong focus on empowering student agency. Backed by Australian licensure and a Master's in Early Childhood Education.

Employment History

International Baccalaureate Educators Network (IBEN) – Workshop Facilitator, School Visitor, Application Reader *Part-Time, Remote* | 2015 – Present

Virtual Facilitation & Mentorship: Lead interactive, inquiry-based workshops for global educators, creating a supportive online "community of learners" where participants feel safe to take risks and challenge their own pedagogical assumptions.

Constructive Feedback & Evaluation: Evaluate complex educational programs through a lens of growth, providing educators and school leaders with actionable, narrative-based feedback that drives school-wide improvement.

Champion of Student Agency: Partner with international schools to strengthen their inquiry frameworks, focusing on how to put students at the center of the learning experience—a core philosophy I bring to every coaching interaction.

Gian Chiao International School – Grade 2 (Primary) Homeroom Teacher *Tainan, Taiwan* | 2024 – Present

Responsible for the end-to-end lifecycle of the learning experience—from initial design to final assessment and reporting. I specialise in the inquiry-led, transdisciplinarity to connect complex concepts across subjects. By giving students agency in their learning, I leverage evidence-informed practices to meet rigorous Cambridge benchmarks in a global school environment.

Lumiere International Academy – Principal, Curriculum Coordinator, Teacher *Taipei, Taiwan* | 2022 – 2024

Served as the chief administrative and pedagogical officer, responsible for synthesising school management with innovative curriculum design and a commitment to honour student agency. I led the development of an inquiry-based, student-centred framework, overseeing everything from high-level curriculum mapping to direct classroom delivery. This role required a deep understanding of the interconnectivity between school systems, teacher performance, and learner outcomes.

Local Tainan Schools – Teacher *Tainan, Taiwan* | 2020 – 2022

Facilitated daily classroom instruction and curriculum delivery through the design and execution of standards-aligned lesson plans for diverse student populations.

Beijing BISS International School – PK-12 Principal, PYP Curriculum Coordinator *Beijing, China* | 2018 – 2020

Partnered with the Head of School to drive the administration of a PK-12 international campus, focusing on the integrity and evolution of the IB programmes and the development of institutional teacher efficacy. - Provided high-level advice, mentoring, and support to the Head of School and senior leadership team. - Orchestrated school-wide initiatives to improve staff professional knowledge and skills, utilising instructional coaching to foster a culture of collective efficacy. - Facilitated the school-wide creation, implementation and evaluation of various curricula, ensuring a seamless pedagogical transition between programmes.

Employment History

Wuxi EtonHouse International School – PK-12 Principal *Wuxi, China | 2017 – 2018*

Served as the chief executive officer and pedagogical leader, responsible for the holistic administration of an IB World School. I focused on building a culture of inquiry and ensuring the rigorous application of International Baccalaureate standards across the learning community.

- **Institutional Advocacy:** Expertly managed relationships with diverse stakeholders, including government bodies, parent associations, and international boards, to advocate for and secure support for school programs.
- **Quality Assurance:** Led the school through complex IB authorisation and evaluation cycles.
- **Human Capital Management:** Directed recruitment, professional development, and performance appraisal systems to build a high-performing faculty dedicated to student-centred learning.
- **Financial & Strategic Oversight:** Managed school-wide budgeting and strategic planning to ensure the long-term

I-Shou International School – Homeroom Teacher (2010-2013), PYP Coordinator (2013-2017) *Kaohsiung, Taiwan | 2010 – 2017*

Acted as the primary pedagogical architect of the primary school, translating Senior Management Team (SMT) strategic goals into actionable plans. I led the continuous improvement of the Primary Years Programme (PYP) through expert mentoring, systems-level curriculum and pedagogical review, and community-wide engagement.

- **Instructional Leadership:** Facilitated weekly collaborative planning and conducted classroom co-teaching to mentor staff in high-impact learning engagements and student-centred inquiry.
- **Professional Development:** Designed and delivered induction training and ongoing workshops for faculty, focusing on pedagogical growth and effective behavioural management strategies.
- **Curriculum Management:** Created and implemented a comprehensive curriculum review cycle, ensuring resources and teaching programs remained at the cutting edge of IB standards.
- **Community Advocacy:** Strengthened the home-school partnership by developing and presenting parent information sessions and conducting specialised curriculum tours for prospective families.

Interests & Personal Philosophy

Operating from the belief that we begin as tabula rasa, I view modelling as my most significant contribution to my children's development. I prioritize 'learning by doing,' intentionally facilitating hands-on experiences that transform abstract concepts into tangible, valuable knowledge.

- **AI & Automation:** Developing proficiency in Python with a current focus on the architecture and deployment of autonomous agents.
- **Integrative Nutrition:** Exploring the healing benefits of probiotics and fermentation through hands-on culinary experimentation.
- **Regional Exploration:** Leveraging our base in Taiwan to travel and engage with diverse cultures, beliefs, and environments.
- **Shared Reading Culture:** Maintaining a family-wide culture of reading, pursuing individual interests within a connected, intellectual environment.

Education

- Queensland University of Technology, AUSTRALIA - Master's of Education (Early Childhood)
- Queensland University of Technology, AUSTRALIA - Graduate Diploma of Education (Early Childhood)
- University of Queensland, AUSTRALIA - Bachelor of Arts (Psychology)
