Profile

Master of Education & IB Educator with 25+ years of experience, including 13 years in high-performing International Schools. Specialist in transdisciplinary PBL and ESL-integrated curricula, with a strong focus on empowering student agency. Backed by Australian and US licensure and a Master's in Early Childhood Education.

Experience

Grade 2 (Primary) Homeroom Teacher

(1 year as Mathematics Teacher) September 2024 - present

Gian Chiao International School, Tainan

Direct the end-to-end learning lifecycle, designing inquiry-based, transdisciplinary curricula aligned with rigorous Cambridge benchmarks. Drive student agency and evidence-informed pedagogy in a global learning environment while deploying custom tech solutions to enhance instructional delivery:

- Educational Technology Development: Engineered and deployed an AI-powered literacy platform to accelerate phonemic encoding/decoding and vocabulary acquisition; successfully coordinated multi-classroom trials across the school to refine classroom utility.
- Digital Communication & Publishing: Built and hosted custom, static web applications via GitHub Pages (https://github.com/GCIS-Taiwan) to stream interactively delivered unit updates, newsletters, and personal educational philosophy to parents, staff, and leadership.

School Principal & Curriculum Coordinator

February 2022 - July 2024

Lumiére International Academy, Taipei

Served as the chief administrative and pedagogical officer, responsible for synthesising school management with innovative curriculum design and a commitment to honour student agency. I led the development of an inquiry-based, student-centred framework, overseeing everything from high-level curriculum mapping to direct classroom delivery. This role required a deep understanding of the interconnectivity between school systems, teacher performance, and learner outcomes.

English Language Specialist

September 2020 - January 2022

Datan Elementary School, Tainan

Facilitated daily classroom instruction and curriculum delivery through the design and execution of standards-aligned lesson plans for diverse student populations.

PK-12 Principal & PYP Curriculum Coordinator

October 2018 - August 2020

Beijing BISS International School

Partnered with the Head of School to drive the strategic administration of a PK-12 international campus, focusing on the integrity and evolution of the IB programmes and the development of institutional teacher efficacy.

- Strategic Advisory: Served as a key administrative liaison, providing high-level advice, mentoring, and support to the Head of School and senior leadership team.
- Professional Capital: Orchestrated school-wide initiatives to improve staff professional knowledge and skills, utilising instructional coaching to foster a culture of collective efficacy.
- Systems Implementation: Facilitated the school-wide creation, implementation and evaluation of various curricula, ensuring a seamless pedagogical transition between programmes.

Key Professional Achievements

Curriculum Transformation: Led school-wide transitions to student-centred, inquiry-based frameworks, resulting in measurable increases in student engagement.

9 Years of Executive Leadership: Successfully managed school-wide operations, staff professional development, and IB curriculum coordination.

IBEN Expert: Selected by the International Baccalaureate Educator Network (IBEN) to facilitate workshops and conduct school visits, evaluating and mentoring international schools.

Parent Engagement: Developed a digital communication strategy (including GitHub-hosted newsletters and Dedicated Line Applications) that increased parental transparency and community trust in the learning process.

Skills & Expert Competencies

Pedagogical & Strategic Leadership

Curriculum Architecture: PYP implementation, inquiry-led frameworks, and transdisciplinary curriculum mapping. Institutional Evaluation: IB school authorisation, program evaluation, and quality assurance (IBEN).

Instructional Design: Differentiated instruction, concept-driven learning, and assessment design.

Leadership & Mentoring: Professional development facilitation, staff coaching, and strategic school management.

Strategic Communication: Parent community engagement and cross-cultural stakeholder management.

Principal

Wuxi EtonHouse International School, Wuxi — August 2017 - September 2018

Served as the chief executive officer and pedagogical leader, responsible for the holistic administration of an IB World School. I focused on building a culture of inquiry and ensuring the rigorous application of International Baccalaureate standards across the learning community.

- Institutional Advocacy: Expertly managed relationships with diverse stakeholders, including government bodies, parent associations, and international boards, to advocate for and secure support for school programs.
- Quality Assurance: Led the school through complex IB authorisation and evaluation cycles.
- Human Capital Management: Directed recruitment, professional development, and performance appraisal systems to build a high-performing faculty dedicated to student-centred learning.
- Financial & Strategic Oversight: Managed school-wide budgeting and strategic planning to ensure the long-term sustainability and growth of the educational mission.

PYP Curriculum Coordinator (2 years as Mathematics Subject Chair)

I-shou International School, Kaohsiung — August 2010 - August 2017

Acted as the primary pedagogical architect of the primary school, translating Senior Management Team (SMT) strategic goals into actionable plans. I led the continuous improvement of the Primary Years Programme (PYP) through expert mentoring, systems-level curriculum and pedagogical review, and community-wide engagement.

- Instructional Leadership: Facilitated weekly collaborative planning and conducted classroom co-teaching to mentor staff in high-impact learning engagements and student-centred inquiry.
- Professional Development: Designed and delivered induction training and ongoing workshops for faculty, focusing on pedagogical growth and effective behavioural management strategies.
- Curriculum Management: Created and implemented a comprehensive curriculum review cycle, ensuring resources and teaching programs remained at the cutting edge of IB standards.
- Community Advocacy: Strengthened the home-school partnership by developing and presenting parent information sessions and conducting specialised curriculum tours for prospective families.
