Profile

Dedicated and highly qualified Primary School Educator with over 25 years of educational experience, including 13 years in international and bilingual school settings. Holds a Master of Education and dual teaching licenses from the United States (OSSE) and Australia (QCT). Proven track record in delivering rigorous, standards-based instruction, ensuring core textbook mastery, and preparing primary students for academic success through structured assessment and Project-Based Learning (PBL). Skilled in ESL-integrated classroom delivery, explicit literacy and mathematics instruction, and maintaining clear communication with parents.

Experience

Grade 2 (Primary) Homeroom Teacher

(1 year as Mathematics Teacher) September 2024 - present

Gian Chiao International School, Tainan

- Plan and deliver daily structured instruction in core subjects following rigorous Cambridge academic benchmarks.
- Systematically track student progress through regular assessments and exams to ensure complete textbook concept mastery.
- Designed and integrated AI-assisted literacy tools to strengthen phonemic decoding, spelling, and reading comprehension for bilingual learners.
- Utilise digital platforms (GitHub Pages) to provide transparent, weekly academic updates and learning summaries to parents.

School Principal & Curriculum Coordinator

February 2022 - July 2024

Lumiére International Academy, Taipei

- Developed comprehensive curriculum frameworks aligned with international standards and exam requirements.
- Designed structured assessment models and unit tests to evaluate subject mastery across grade levels.
- Mentored faculty in classroom management, structured lesson planning, and effective differentiation strategies.

English Language Specialist

September 2020 - January 2022

•Datan Elementary School, Tainan

- Delivered targeted English language instruction to students in grades 1-6, focusing on phonics, vocabulary development, and reading comprehension.
- Collaborated with classroom teachers to integrate English language learning into core subjects.
- Developed and implemented assessment tools to monitor student progress and inform instructional strategies.

PK-12 Principal & PYP Curriculum Coordinator

October 2018 - August 2020

Beijing BISS International School

- Oversee instructional delivery across primary grade levels, ensuring strict alignment between classroom teaching and assessment goals.
- Conducted instructional coaching and teacher evaluations focused on maximizing student academic achievement and exam preparation.

Principal

Wuxi EtonHouse International School, Wuxi August 2017 - September 2018

- Directed classroom instruction and curriculum pacing, ensuring rigorous adherence to core academic benchmarks across primary grade levels.
- *Curriculum & Standards Compliance*: Led the alignment and implementation of structured scope-and-sequence plans, ensuring consistency between daily classroom teaching and standardized assessment objectives.

CORE COMPETENCIES & TEACHING SKILLS

Classroom Teaching & Management: Structured lesson delivery, explicit teaching methods, exam preparation, and textbook-aligned pacing.

Curriculum & Assessment: Standards-based unit planning, formative & summative assessments, progress tracking, and academic benchmarking.

Project-Based Learning (PBL): Designing outcome-driven projects that reinforce core textbook concepts and practical skill application.

Literacy & Phonics Specialist: Development of an AI-supported literacy edtech tool for phonemic decoding, vocabulary acquisition, and ESL/EFL scaffolding.

Parent Communication: Digital reporting systems, regular progress updates, and strong home-school partnerships.

•*Faculty Mentorship & Instructional Standards*: Directed faculty professional development, lesson observation, and performance evaluations to enforce high standards of classroom management and effective instructional delivery.
•*Academic Administration*: Managed departmental resource allocation, classroom material evaluation, and strategic curriculum planning to maximize student academic outcomes.
•*Stakeholder Communication*: Maintained transparent, productive relationships with parents and community groups regarding academic standards, student testing performance, and curriculum expectations.

PYP Curriculum Coordinator
(2 years as Mathematics Subject Chair)

August 2010 - August 2017

I-shou International School, Kaohsiung

•Served 5 years as the Primary Years Curriculum Coordinator providing the school and faculty with instructional leadership, professional development, curriculum management, and parent education initiatives to communicate curriculum developments and changes.
•Served 2 years as Primary Mathematics Subject Chair, creating and implementing inquiry-based pedagogy, and reviewing, revising and disseminating scope-and-sequence documentation.
•Delivered structured mathematics and literacy instruction, combining direct instruction, and meaningful practice with hands-on Project-Based Learning (PBL) applications.
•Hosted parent workshops to explain academic expectations, assessment criteria, and home learning strategies.
